

If only everything could be this simple...

Discover the clean, fast
and accurate **MODEX™** total
design solution with
our new color-coded
5-Pin Connector System

The simplest solution on the market, Alcan Cable's MODEX Prewired 5-Pin Connector System has now been made even simpler with our new color-coded approach to branch circuit wiring. So easy to install, it can reduce your labor costs up to 68% over traditional wiring methods and more than 28% over other prefabricated wiring systems. That's direct savings on your bottom line.

Contact a MODEX representative today to get a copy of the RS Means Time and Motion Study.
