

Off to the Races!

Get your crew running on all cylinders.

Introducing the latest MODEX® modular wiring innovation: Color-Coded 5 Pin Connector System! Pin connectors and corresponding cables are color-coded to plug n' play. Super speedy, one-step quick connections equal significant time savings. That oughta get your motor running!

Male & Female 5 Pin Connectors ensure a correct installation every time!

MODEX® provides a comprehensive range of pre-fabricated wiring modules designed and customized for every project. For more information on MODEX® products and solutions, please email MODEX@alcan.com or call (818)717-8700 x 239.
